

## A Year in Review at Saint Mary Anne's Episcopal Church, 2019

St. Paul wrote to the people of Corinth, *Therefore, my brethren, be steadfast, immovable, always abounding in the work of the Lord, knowing that your toil is not in vain in the Lord.* (1Corinthians 15:58). Now that the New Year has arrived, it is a good time to review our "work of the Lord" and look at our collective steadfast efforts to keep St. Mary Anne's vibrant, equipped, and focused on our continued mission and growth as a parish.

## **Building & Grounds**

We continue our efforts to maintain our historic property and campus for future generations, and to make them more serviceable, safe and comfortable for our parishioners and guests. Monies used for these efforts do not come from pledge dollars but from a combination of preservation funds (given by our generous predecessors), generous and specially designated gifts, and grants. Thankfully, parishioners often provide much skilled volunteer labor and graciously donate items to help contain costs.

### **The Church & Vestry House**

- New signs are on the church building entrances and the Vestry House to identify the buildings and inform the public of our service times.
- Victorian Heritage replaced and refurbished our church shutters; and repaired the church soffits.
- Jamestown Painting painted the refurbished and new shutters; and repaired exterior windowpanes by scraping, glazing and painting. They also repaired and painted the exterior doors.
- Jamestown Painting painted the interior of the church including: ceiling, walls, pew ends, windows and trim work. A generous parishioner donated approximately 80% of the cost.
- The Bell Tower tile floor and Vestry House brick flooring professionally cleaned.
- Wi-fi capability is now in the Vestry House. A new smart television, donated by a parish family, is in the Vestry House and is being used for EfM classes and meetings.
- A security camera is in place outside of the Vestry House.

### **Churchyard & Campus Grounds**

- A professional cemetery preservationist from Mosko Cemetery Monument Services repaired and straightened a number of gravestones in June.
- Our parking lot was milled and rolled, thanks to a sizeable donation from Allan Myers Construction and the personal equipment and labor of two parishioners.
- Two large trees, diseased and damaged by storms, removed. We planted a Sycamore tree and a Honey Locust tree (donated by a parish family) as shade replacements.
- A Japanese Red Maple tree near the bell tower entrance, and rose bushes at the three-gated entrances, donated and planted in honor of deceased loved ones.
- Our Garden Committee maintained our campus flowerbeds and planters.
- Two new signs, one at each driveway entrance, identifies the churchyard, welcomes visitors, and gives some churchyard guidelines to help maintain the sacred space.
- Two church yard clean-ups (April 13 & Nov. 16) by parishioners, recovery and community members, and Scouts.

- New curbing near our Parish Center garage and in our parking lot.

#### **Parish Center**

- The third floor makeover is now complete. We painted all offices, the library, bathroom, stairwells, and hallways over the past few years.
- Historic church pictures are now framed and on display in the library.
- Tile backsplash installed behind the kitchen's triple sink.
- Security cameras and doorbells are in place at the Parish Center and Outreach entrances.
- The Outreach Office is more efficient and serviceable with the removal of a dividing wall, new floor installation, air-conditioning, paint and cabinetry. Adjacent hallways to the Outreach Office and classrooms were also painted. A volunteer parishioner workforce accomplished the majority of work.

#### **Rectory**

- Kitchen and bathroom repairs and updates included new water lines; ceiling repairs; a new sliding patio door and repairs to rotted framing; new cabinets and countertop; shower enclosure; tub enclosure; bathroom flooring, and vanities.

#### **Sexton House**

- The Sexton House, an adjacent building used for storage, was an eyesore and attracted vandals and vagrants. A parishioner power washed the roof and exterior walls, repaired windows, and painted the exterior, to discourage future destruction.
- A storm-damaged tree caused a local power outage. The large damaged tree was trimmed and branches removed.

#### **Wharf**

- Renewed lease for Bay Venture Outfitters (kayak rentals)
